## PLOX ENERGY STICK

### DESCRIPTION

The PLOX Energy Stick is a refined external power bank for portable devices. In addition to extending the battery life of your smart phones, the lipstick-shape design brings a touch of fashion and elegance on-the-go.

### CONVENIENT CHARGING

The PLOX Energy Stick is equipped with an Apple connector and USB output slot for charging nearly any smart phone. Another male USB jack allows you to recharge the PLOX Energy Stick from external sources like PC or DC adapter. The patent-pending Lipstick-type Actuating Mechanism allows you to release the 30-pin Apple charging tip and USB Male jack alternatively by rotation.

### SHAKE IT OUT!

Patented design with motion sensor to check the power status without pressing any button, but SHAKE or TAP it!

### WIDE COMPATIBILITY

Featuring a 3,000 mAh Li-ion battery, the Energy Stick is enough to recharge your iPhone / iPod with 2 full charges. Besides support charging on iPhone / iPod, the Energy Stick NATBP26 is also compatible with Blackberry, Nokia, HTC, Sony, Samsung, LG and PSP etc. in order to provide ultimate compatibility to the most portable electronics devices. The PLOX Energy Stick is your perfect companion on-the-go.
